

Swiss International Schools 2025/26

SWISS FEDERATION OF PRIVATE SCHOOLS

Private Education “Made in Switzerland”

*If you are seeking for
the best education,
you have found it!*

With its four languages, varied cultures, beautiful landscapes and peaceful political environment, Switzerland is not only a prime destination for tourism but also plays a leading role in the international education field. For over a century, Swiss private schools – offering individualised, innovative and high-standard educational opportunities – have been one of the top quality products of Switzerland.

The value of Swiss Education

In today's globalized world, the tradition of excellence of the services offered by Switzerland is well established. The diversity and the quality of its academic institutions are famous: they range from top universities to boarding primary and high schools offering Swiss, French, English and American diplomas, from hotel and tourism academies to institutes specialized in languages, finance and commerce, from exciting summer and winter holiday camps to classic finishing schools for young women.

Swiss education institutions have adapted remarkably well to the globalized and extremely competitive contemporary life. Research, an essential component of success in science and technology, is highly advanced in public universities and technological institutes and the number of Nobel Prize laureates coming from their ranks is impressive. In order to achieve excellence, private schools associations have set up strict quality control procedures of the academic programs of their members.

The well known "International Baccalaureate" degree, adopted by more and more high schools world-wide, originates in Switzerland. The reputation of Swiss hotel and tourism schools largely stems from the balance they have been able to achieve in their programs between a practical knowledge of the various jobs of the hotel industry and the most advanced management techniques. So, Swiss education, because of the reliability and the in-depth quality of the programs offered, provides all the tools necessary for a successful career.

Swiss private schools reach out to the world!

Swiss private schools offer a cosmopolitan, internationally recognised education for all ages to nearly 100'000 pupils from Switzerland and over 100 other countries. Students from Europe, North and South America, Asia, Russia, India, Africa, the Middle East, Scandinavia and many other parts of the world, are all currently enrolled in Swiss private schools.

As it is not mass production that characterises Swiss industries, but rather specialised high quality products, the same goes for private education. One of the attractions of Swiss private schools is the variety of international curricula they

offer, courses which enable students to pursue higher education in the country of their choice. Custom-tailored programs, such as special training for talented young athletes, language support and integration classes for non-native speakers, finishing programs, hotel management or business degrees and language courses complete a high-standard individualised educational offer.

Minds are challenged, but sportive achievement is also encouraged: the fascinating settings of the Alps, glaciers, rivers and lakes are the perfect environment for numerous outdoor activities and sports. A wide variety of winter and summer sports, ranging from skiing, football, basketball, swimming and tennis to horse-back riding and hiking complete our academic programs.

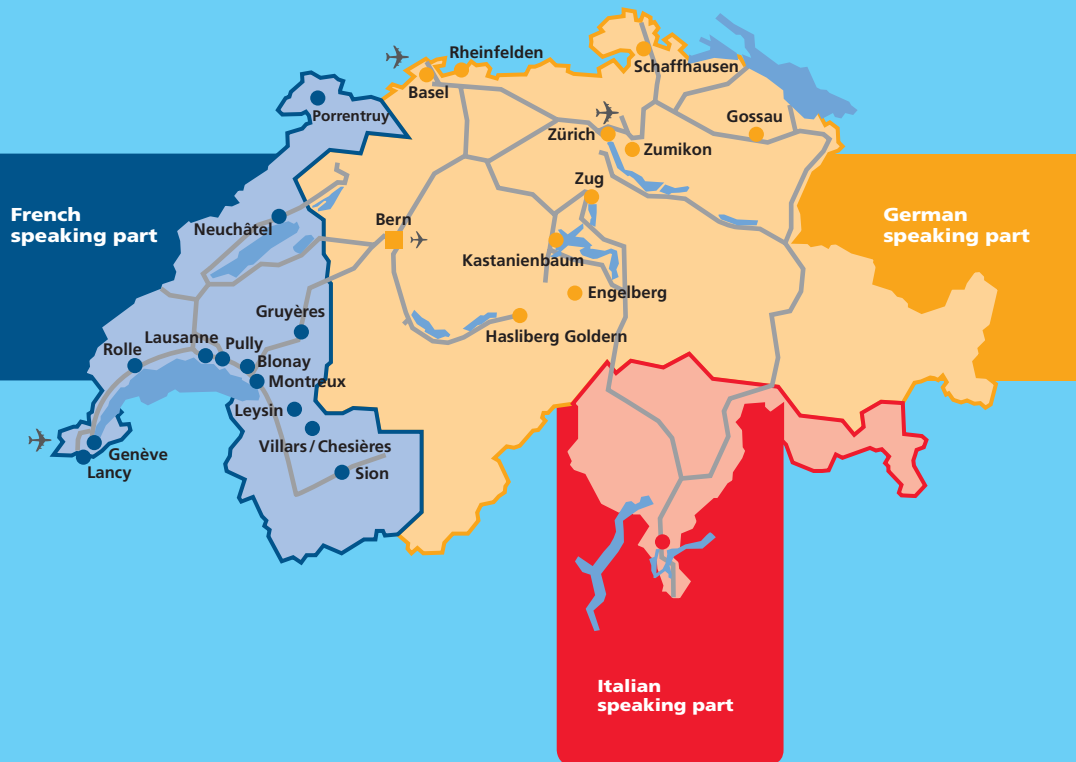

The environment to success

The members of the Swiss Federation of Private Schools have made a choice: to offer the best environment for you or your children's schooling. We invite you to enjoy high-quality education, to combine adventure and learning, to travel in a country of diversity, to meet students from all over the world by sharing a very special lifestyle. Our smaller guests will experience a new home, offering the love and attention they require. Our older students will appreciate the excitement of living abroad and making new friends for life. Our boarding schools can offer a healthy community life embedded in a perfect infrastructure.

"Swiss International Schools"

All the schools listed in this directory are members of the Swiss Federation of Private Schools (SFPS), which guarantees that they satisfy various quality criteria. The brochure mainly focuses on international boarding schools. The first section of the guide presents the schools situated in the French speaking part of Switzerland; the second section is dedicated to the educational institutions in the German part of Switzerland. We hope this guide will allow you a quick, informative overview and that this in turn will facilitate your search for a suitable school. Should you require any further information, please do not hesitate to contact us.

Brilliantmont is fully accredited by the Council of International Schools and the New England Association of Schools and Colleges.

Why Brilliantmont?

"We commend the school community for living the vision of the school so that a happy, family atmosphere permeates throughout the school." NEASC / CIS re-accreditation report July 2023.

Brilliantmont International School has been in the same family since its foundation in 1882. We welcome around 90 boarding students and around 10 day students, aged 13–18 from over 30 different countries.

The small size of the school creates a unique learning environment, with close teacher support and a strong sense of family belonging.

Lausanne is a lively university city on the shores of Lake Léman (often called Lake Geneva); it offers incredible opportunities for our students to explore cultural and social activities or continue with a specialised passion. Yet, the ski slopes are within an hour, so we enjoy the best of both worlds.

In Grades 8 and 9, students follow a wide range of courses, ensuring they have a solid base and a love of learning. In 10th Grade, they can select certain subjects and work towards British IGCSE examinations. In 11th and 12th Grades they either continue with the British programme, preparing for A Level examinations or they follow a US High School Diploma, with SAT and IELTS if needed. We want to ensure that our students have multiple options for university, whether in Switzerland, the United Kingdom, the USA, Canada, Japan or elsewhere.

Brilliantmont also offers a tailor made 13th Grade programme, for students who have already graduated but would like to take an additional year to have an international boarding experience.

We want to develop global citizens, with intercultural understanding, who are curious and participate fully in school life – clubs, leadership opportunities, sports teams, service learning, weekend excursions.

In July and August, our Summer Course welcomes 10–16 year olds to study French or English with afternoon options which include sports, coding & creative arts plus an exciting evening and weekend activity/excursion programme.

BSL Graduates say:

"The programs are personalized so they can match the expectations of professionals of different levels and profiles."

"I could use every single module from BSL for my own company (...) an advice I give is to choose a project to transform your industry or help you progress your career"

"Each session left me brimming with inspiration and ideas to implement in my role"

Business School Lausanne (BSL) is a flagship higher education institution of the Lemania Swiss Group of Schools, based in Lausanne, Switzerland. Since 2024, BSL proudly holds its first institutional accreditation from ATHEA, demonstrating our commitment to academic excellence.

We offer impact-driven, leadership-focused curricula with a personalized approach to students. At BSL, we develop a unique Business Education Philosophy for the personal and professional growth of our students by fostering a co-creative learning environment, led by a faculty of accomplished professionals who actively run businesses or hold senior roles in leading organizations.

Our students gain the opportunity to make a tangible impact during their studies while mastering essential business literacy with both hard and soft skills, ensuring readiness for continuous transformation.

BSL students thrive in a rich multicultural environment with small class sizes and personalized support, complemented by career services and a strong alumni network. Inquire today to schedule a program consultation, visit our campus, or attend a class!

Ecole Lémania – Lemania College, a Swiss boarding school founded in 1908 in Lausanne, Switzerland, seeks to educate students in a multicultural environment to help them understand the major challenges of tomorrow. What makes Ecole Lemania unique is its ability to guarantee the excellence of Swiss education, while offering a teaching approach that values both performance and social skills. Teaching can be provided online, if useful or necessary.

An extraordinary setting

Ideally located in the heart of Lausanne, the Olympic Capital, Ecole Lemania is only a few minutes away from Lake Geneva and the city centre.

150'000 successful graduates to date

The class sizes and the dedication of our teaching staff allow each student to benefit from an efficient, personalized education. The school welcomes students from the secondary level and prepares students for the French Baccalauréat, International Baccalaureate Diploma Programme and Swiss Maturité examinations. We also run a famous Summer Camp with IELTS programme in the centre of Lausanne.

The international Boarding School

Ecole Lemania offers students from 15 years old an outstanding boarding school, combining our extensive experience with a commitment to quality. Activities, sports and excursions are available to boarders at the weekend and during the week (sports).

Swiss Maturity and International Baccalaureate in French, English or bilingual English–French

DELTA, Cambridge, Goethe Institut and Cervantes examinations

Boarding facilities

Summer camps

Holiday daycare

Windsurf camps

Ski camps

Founded in 1906, this renowned private school welcomes students from Kindergarten to High School. English language studies is an integrated part of the curriculum from the age of 2,5 years onwards. German is introduced in Primary School. Spanish, Italian, Chinese and Russian are also available. EAL (English as an additional language) and FFL (French as a foreign language) are available to students who need support in language acquisition.

The programme prepares students for the Swiss Maturity and International Baccalaureate diplomas (in French, English or bilingual English–French), English lessons are carried out in small groups according to the students' language level.

Boarding facilities are available to students aged 12 and older and provide a friendly, family atmosphere ensuring security, care and support. Boarding is available for either 5 or 7 days per week.

Summer Camp: 4 weeks in July for children aged 9 to 18. Mornings: 9:00–12:15, French and English classes (elementary, intermediate and intensive). Small groups, 4 to 7 students per class, depending on level. Weekly registration available. Afternoons and weekends: sports, leisure, cultural activities and excursions.

Florimont offers an Art / Sport programme available from Lower Secondary, providing students with the optimum balance for achieving the highest levels of success both in their academic studies as well as in their artistic or sporting pursuits. The school also has a cultural season promoting local artists, offering ten major public events per year.

Founded in 1905 by the Congregation of the Missionaries of Saint François de Sales in Geneva, **Institut Florimont** offers the best of Swiss, French and international education systems to all students, from kindergarten through high school.

With its unique blend of tradition and modernity, the school provides educational excellence in learning sciences and languages and is dedicated to developing 21st century skills.

Florimont offers both French and bilingual teaching (French/English) from kindergarten to Upper Secondary where students are able to choose between the Swiss maturité gymnasiale, the International Baccalaureate and the French Baccalaureate. Programmes in all three sections are taught over four years and Florimont fully supports students and their families in choosing the best option to suit them.

The best boarding school for your child

La Garenne welcomes children aged 4 to 18 to its beautiful campus in the Swiss Alps. Our breathtaking location in Villars enables them to develop into rounded young adults in a secure environment. The essence of our school is that every child should be happy, safe, healthy and valued. Individual attention and personalised programmes are at the core of everything we do.

Since 1947, our academic and pastoral care teams have been committed to holistic education within a warm, family atmosphere. We promote Swiss values of respect, tolerance and honesty with the aim of sending our students out into the world as caring, responsible global citizens.

Our academic programmes include the IB Diploma, High School Diploma, IGCSEs, the UK Primary National Curriculum and compulsory outdoor education.

Alongside our sports academies – Karting, Golf, Football, Ski – we also offer a complete portfolio of ECAs and international educational trips.

Leysin American School (LAS) in Switzerland is an international boarding school in the Swiss Alps offering Middle School, High School Diploma, International Baccalaureate (IB), Advanced Placement (AP), and English Language Acquisition (ELA) programs for students in grades 7–12. Students enjoy extracurricular activities in sports, arts, and music, and take part in a ski semester and cultural travel. University advising is emphasized, with students attending top universities in the US, Canada, the UK, and around the world. LAS hosts around 300 students from 60 countries, and provides a stable and supportive family-like environment. The Foundation for the Advancement of International Education, a non-profit philanthropic organization overseen by the Swiss government, is the majority owner of LAS. The founding family, now in its third generation, directs the school.

The LAS experience does not come to an end when the summer begins. We offer two dynamic and engaging 3-week sessions that combine all the tried and true elements of camp with exciting, innovative changes.

Unique international boarding school for girls aged 12–19.

Survall Montreux, offers a modern, forward thinking bespoke education. We are committed to emboldening girls with the confidence, tenacity, and resilience to find their own path and success in life.

Survall is an intentionally small school and we pride ourselves on offering a bespoke curriculum, created to support the particular strengths and aspirations of each individual girl. With coaching-style teaching we offer an outstanding package of care with a nurturing family atmosphere.

Full Academic Programme: Survall welcomes girls from the age of 12, for our Foundation Year (Grade 8) which provides an excellent preparation to enter the American High School Programme at Grade 9. Our curriculum offers a comprehensive, student-centered programme and is designed to develop critical thinking, creativity, and global awareness. Covering core subjects and electives, it prepares girls for universities and career success. Girls can also pursue Advanced Placements in a range of subjects.

The **Survall Swiss Gap** is a flexible programme available for 1, 2, or 3 terms (up to 1 year), designed for girls aged 16–19 as they prepare for university. Girls will immerse themselves in languages, develop entrepreneurial skills through initiatives with a focus on charity, and broaden their horizons on global perspectives. The programme also includes extensive enrichment, personal development opportunities, and unrivaled travel experiences.

Our **Winter Camp Experience** offers girls from 13–18 the chance to further immerse themselves in language learning while enjoying the full range of winter sports that Switzerland is renowned for.

Our **Summer Camp** enables girls from 9–18 to learn a French or English, have fun and make friends for life in an inspiring and safe environment. Girls will be immersed in our Savoir-Vivre learning culture, customs and etiquette. They will enjoy an extensive range of activities, trips and excursions across Switzerland and Europe with our dedicated, professional and caring staff.

At Kindergarten and primary level, we offer an optional full-day school programme to support working parents from 7.30 am until 6 pm Monday to Friday. Our wide range of optional extra-curricular programmes are designed to develop our students' talents and broaden their horizons.

Unified in one building **FG Basel** offers a wide range of educational programmes, spanning Kindergarten, Primary and Secondary School, all the way through to High School graduation. The high school diploma also serves as a university entrance qualification. Although FG Basel is a private school, it is fully aligned with the state school system and offers students a seamless transition into Swiss educational institutions – whether into vocational training programs or higher education at universities.

As a Swiss private school with German as the primary language, FG Basel recognises that non-German-speaking students need time and support to adjust. To ease this transition, we offer a special programme including additional German lessons and individual coaching. Our goal is to integrate international students into regular classes as much as possible – without putting them under pressure. This approach allows students to gradually adapt to their new environment and build connections with their classmates at their own pace.

ICS Inter-Community School Zurich is renowned for its understanding and education of the whole child. Established in 1960, it is the oldest international school in the Greater Zurich Area. Our Kind of Education is built on a strong foundation and driven by the values of kindness, respect and integrity. An IB World School, the only continuum one in Zurich offering the Primary Years Programme (PYP), Middle Years Programme (MYP) and the Diploma Programme (DP), we educate students from Nursery (24 months) through to Grade 12 (18 years).

We are privileged to reside in one of the most beautiful corners of Canton Zurich, with access to outdoor classrooms and experiences unlike any other school in the region. Our renowned Waldkinder is but one example of how we make real world connections between the classroom and the great outdoors.

In August 2025, we will step into the first chapter of the story of our Middle School; so as defined by students in Grade Five to Grade Eight. In our Middle School, we are taking a different approach – one that places self-discovery at the centre – leaning into the nurturing nature of the wild to build curiosity, drive creativity, and create experiences that centre on what it means to be human. For more information on the creation of our Middle School, please visit: icsz.ch/academics/middle-school

We welcome applications from prospective students throughout the year. For more information, please visit our website: icsz.ch To arrange a personal tour of our campus or a virtual meeting, please visit: icsz.ch/prospective-students/enquire.

ISR in a nutshell

Individual academic student support & counselling

World-class English Learning Support (EAL)

Student-led community projects

Pre- and after school care provisions

Modern, ecologically-sustainable school campus opening in summer 2023

Welcoming community

Offering the Duke of Edinburgh's International Award

Join us anytime

Welcome to the **International School Rheintal (ISR)**! We are the leading IB World School in the Rheintal region and fully accredited to offer the IB Primary Years, Middle Years and Diploma Programme. ISR has a 100% pass rate in the IB Diploma and scores constantly above the world average. While academic excellence plays an important role at ISR, the development of the child as a whole to become a responsible and engaged global citizen is at the centre of all we do. We encourage students to take their learning beyond the classroom through programmes such as the Duke of Edinburgh's International Award and the Model United Nations.

In summer 2023, ISR will move to a modern, ecologically-sustainable school campus. It is specifically designed for ISR's learning and teaching needs, with versatile classrooms, specialist art studios and labs, outdoor learning zones, a 1000m² green roof terrace and much more. We look forward to hearing from you!

A welcoming community with a global perspective

ISSH is a community-minded international day and boarding school offering a seamless educational journey from early childhood through primary and secondary school. As a certified IB World School, ISSH provides a prestigious and rigorous curriculum recognised by top educational institutions worldwide. Our exceptional boarding programme creates a warm, supportive home-away-from-home for students.

We are dedicated to academic excellence, intercultural understanding and holistic development. Our IB Diploma Programme fosters critical thinking and prepares students for higher education and global citizenship. Year after year, our students achieve a 100% IB pass rate, consistently exceeding global averages.

As an MSA-accredited institution, ISSH upholds high academic standards, reflected in our internationally recognised High School Diploma. We are also proud members of the European Council of International Schools (ECIS) and the Swiss Group of International Schools (SGIS), reinforcing our mission to promote global citizenship, intercultural understanding, and sustainable development.

At ISSH, we empower confident, globally-minded individuals to think boldly, act responsibly, and make a positive impact on the world.

available

Founded in 1969, **Franklin University Switzerland** is the only independent liberal arts university in Switzerland. It combines the best of American and Swiss education, offering a transformative, international experience in a safe campus community. Through integrative study, research, and travel, students gain new perspectives and broaden their horizons. Franklin is accredited in the US by MSCHE and in Switzerland by the Swiss Accreditation Council. With students and faculty from over 50 countries, our intimate classrooms and our residential campus foster cultural exchange. Franklin's signature program, Academic Travel, incorporates travel into the curriculum. Academic Travel represents the single most distinctive element of the Franklin curriculum and is designed to increase opportunities for experiential learning. We offer Academic Merit, Financial Aid and Leadership Awards, and students can apply via Franklin's website or the Common App.
